Expectations

Our time St. Paul's to serve as interim chaplains until Easter has got off to a great start with a warm welcome on the first Sunday. Both Father Soon Han Choi and I visited St. Paul's at the invitation of Father Walter in 2016, never thinking that we would return. Well here we are, together with a third friend – Roy Hyslop, whose administrative and other skills have supported our ministry in several churches, since my retirement.

It is our prayerful hope that during the coming few months we will all experience something of a spiritual renewal as a church, through the opportunities of Lent and Easter, when we renew our commitment to the Risen Christ.

So, may God grant to us all at St. Paul's, as together we take up the work of ministry, a fresh outpouring of His Holy Spirit in the service of Christ and one another, as well as in the wider community.
