

Weddings

The Wedding Ministry at Saint Paul's

Couples have been coming to Saint Paul's for many years to celebrate the sacrament of Holy Matrimony.

In Monaco, only the blessing of a marriage takes place in church. Couples must first arrange a civil ceremony at "La Mairie" in Monaco, or in the home country.

Weddings normally take the form of the simple wedding office, but it is also possible to celebrate a new marriage with Holy Communion.

While wedding celebrations are normally in English, it is also possible to celebrate a wedding in French or include other languages and traditions.

Couples are expected to undergo some form of preparation for conjugal life

either in the form of pre-marital counselling or a marriage

preparation course.

For more information, to reserve dates and discuss wedding preparation
